

PROJECT MANAGEMENT CHALLENGE 2006

Third Annual NASA Project Management Conference

BIOGRAPHY

Mr. Brent Robertson
Observatory Manager
NASA GSFC

Biography:

Brent Robertson is the Observatory Manager for the Solar Dynamics Observatory Project at NASA Goddard Space Flight Center. He is responsible for managing the overall Observatory development effort including the GSFC in-house-built spacecraft and academia / industry provided instrument suites.

Prior to this position, Brent held a number of positions at NASA GSFC including Associate Division Chief, Branch Head and Lead Engineer. He has worked on projects including TRMM, GOES, TOMS-EP, HST, EOS-Terra, EOS-Aqua and HETE-II. Brent also worked for the Systems Engineering & Integration Office and Space Station Freedom Office at NASA Langley Research Center as a support contractor.

Brent is a member of AIAA and AAS.
